

How to Navigate the Individual Post page

While on the Search Results page, displayed is the exact book that we are looking for.

Now let's find out more about a specific book from a specific post. Select anywhere in the area for the specific post that you would like to know more information about. This will then take you to the Individual Post page.

On this page all the information about this specific book is made available, including any comments from the seller that pertains to this specific book.

There are several key functions available that shall enhance your book buying experience. The Bookmark button, found in the upper right side of the page enables you to save this specific post in your Bookmark section. The Bookmark section can be found on the menu page located within the header bar. This is meant to help you should you not be prepared to make your purchase now.

Next, the Make Offer button allows you to make an offer to the seller, should you be interested in offering a different price other than the seller's asking price.

If you would like to communicate with the seller press the Plus sign button found in the bottom right corner. This will reveal the various forms of communication that the seller is allowing.

Finally, if you are ready to make your purchase now, and do not have any questions, simply press the purchase button and proceed with the checkout process.
